

An Open Letter to Gerry Adams and all our anti-racist friends by Europe4Africa

Good afternoon, my name is unimportant, it is what I stand for rather than what I am that counts. I am writing to you on behalf of Europe4Africa. If you haven't heard of us, that is because you have closed your ears as well as your eyes, and when you realise your mistake, it will be too late.

I would like to thank all of you individually, but I am unable to do that because you are so myriad, although nowhere near as myriad as us, but first of all, let me thank your Mr Adams for your stand against racism and especially for murdering your white brothers on the Mainland and in Ireland itself, including children

Tim Parry - murdered by the IRA

Warrington remembers IRA bombing victims

Danny McIlhone: The 19-year-old who was abducted, murdered and secretly buried by the IRA in 1981 was laid to rest

in order to make a United Ireland a safe place for me and my kin to occupy.

A big thank you goes to all our anti-racist friends in the UK - agnostic, Christian and non-believer, Gentile and Jew.

Thank you for opposing all immigration controls as racist.

Thank you for excusing our young men for mugging your old folk and blaming all black crime on racism and racist oppression.

Sick: Eric Banton should have been with his probation officer but instead shoved and attacked the pensioner – leaving her with devastating injuries including a blood clot on the brain

Thank you for welcoming our people from Nigeria, Uganda, Kenya and a myriad other places, then paying us social security even though many of us own properties in our own countries.

Thank you for welcoming AIDS sufferers and many others to your shores and treating them at your own expense.

Thank you for passing repressive laws to put all blacks above criticism, and for making racism a criminal offence in order to stifle all dissent.

We want more though. We want your country. We want your money. Most of all, we want your daughters, and you will give them to us because you are too dumb, too brainwashed and too terrified to stand up to us, you anti-racist arseholes.
